

[illegible]

FIG. 1 is a top view of a circular device. It features a central hub (22) with a small circular opening (21). Three triangular segments (24, 25, 26) are arranged radially around the hub. Each segment has a central square opening (28, 29, 30) with an 'X' pattern. The segments are connected to a central hub (22) by curved lines (31, 32, 33). The outer boundary of the device is a circle (23). The segments are labeled 24, 25, and 26. The central hub is labeled 22. The outer boundary is labeled 23. The curved lines are labeled 31, 32, and 33. The square openings are labeled 28, 29, and 30. The 'X' patterns are labeled 21, 25, and 26. The segments are also labeled 24, 25, and 26. The central hub is labeled 22. The outer boundary is labeled 23. The curved lines are labeled 31, 32, and 33. The square openings are labeled 28, 29, and 30. The 'X' patterns are labeled 21, 25, and 26.
